

IMAGE FIBREGLASS INDUSTRIES LLC

BE WITH US FOR A BETTER IMAGE

PROVIDING HIGH GRADE GRP, GRC, PREFAB PRODUCTS SINCE 2000

Reliability Meets Quality

Vision

To be a leading innovator and trusted provider of GRP, GRC, GRG, and prefab solutions—shaping modern infrastructure, enriching lifestyles, and delivering long-term value across regional and global markets.

Mission

At Image Fibreglass Industries LLC, our mission is to design, manufacture, and deliver high-quality GRP, GRC, GRG, PVC, and modular portacabin solutions that exceed client expectations. Through precision, innovation, and sustainable practices, we aim to build a better image in every project we touch.

Core Values

1. Quality Excellence

We are committed to delivering durable, reliable, and aesthetically superior products.

2. Innovation

We embrace new materials, methods, and technologies to stay ahead in composite construction solutions.

3. Customer Focus

Our clients are at the heart of everything we do — we listen, adapt, and deliver with integrity.

4. **Sustainability**

We aim to reduce environmental impact through responsible production and resource-conscious design.

5. **Safety & Compliance**

We prioritize safety in every step, ensuring all our products meet local and international standards.

6. **Teamwork**

We believe in building strong internal and external partnerships, empowering people to grow together.

7. **Reliability & Trust**

We honor our commitments and build relationships based on trust, transparency, and consistency.

★ **Why Image?**

At **Image Fibreglass Industries LLC**, we don't just deliver products — we build trust, durability, and design into every solution. With a proven track record in **GRP, GRC, GRG, PVC products**, and **modular portacabins**, we combine cutting-edge manufacturing with deep industry knowledge to bring your vision to life.

Here's why clients choose Image:

◆ **Unmatched Quality**

We follow stringent quality control at every stage — ensuring strength, finish, and long-term reliability.

◆ **Custom Solutions**

Whether it's architectural cladding, decorative elements, or prefab cabins, we tailor each product to your specifications.

◆ **On-Time Delivery**

We respect your timelines. Our efficient workflow and experienced team ensure prompt, dependable service.

◆ **End-to-End Expertise**

From design and engineering to fabrication and installation, we provide complete project support under one roof.

◆ Sustainability-Driven

Our materials and methods support eco-conscious building practices — safer, greener, and future-ready.

◆ Strong After-Sales Support

We believe in long-term partnerships. Our service doesn't end with delivery — we're here whenever you need us.

Be With Us for a Better Image — because when precision meets performance, your project stands out.

ABOUT US

IMAGE FIBREGLASS INDUSTRY is the market leader in the UAE's fiberglass sector. Our company specializes in designing and manufacturing high-quality GRP, GRC, GRG, and prefab portable cabins. Our well-trained technicians, using advanced technology, provide our clients with products of the highest quality, in accordance with British standards.

We have been market leaders for over 20 years, with more than 100 employees, establishing a benchmark through our focus on excellence, leadership, and integrity. We closely monitor every aspect of our operations, including strict quality control, on-time delivery, safety, and environmental concerns.

GRP

GRP (Glass Reinforced Plastic) is a highly versatile and durable material widely used in construction and industrial applications. It is particularly well-suited for architectural features such as domes, vaults, minarets, and car park structures. At **IMAGE FIBREGLASS INDUSTRY**, we manufacture GRP products to meet stringent international standards, offering end-to-end solutions including consultancy, custom design, and professional installation services.

GRC

GRC (Glass Fiber Reinforced Concrete) is a high-performance building material widely used in modern architecture for both structural and decorative applications. Renowned for its strength, design flexibility, and lightweight properties, GRC has become a preferred choice in contemporary construction projects across the industry.

PORTABLE CABINS

Portable cabins offer a flexible, cost-effective solution for temporary or semi-permanent space requirements. Designed for quick installation and easy relocation, they are ideal for use as site offices, accommodation units, security cabins, classrooms, and more. Built with durable materials and customizable features, our portable cabins combine functionality, comfort, and efficiency—making them a smart choice for a wide range of industries.

SERVICES

- GRP Sectional Panel Tank
- Cylindrical Water Tanks
- Septic Tanks & Soak Away
- Car Parking Shed
- Acrylic Bath & Shower Trays
- Bathtubs
- Shuttering Moulds
- Plastic Tanks
- Electrical Enclosure
- A/C Trays

GRP LAMINATION

- Underground RCC Water tank
- Swimming Pool
- Fibre Coating related to field
- Drainage manholes
- Mild steel tank
- Decorative works
- Polyester Doors
- GRP Liner
- GRP Gulley Ports & Traps
- Pipe Lines

GRP PANEL TANKS

We are one of the leading manufacturers of these types of tanks, which are available in various capacities. Our panel tanks are engineered for high performance and tested to meet the highest requirements of BS and ASTM standards. High-quality raw materials are used under strict quality control throughout the entire manufacturing process.
